

KIRKPATRICK FOUR LEVELS® EVALUATION

CERTIFICATION PROGRAM - SILVER LEVEL

In-Person Version

PROGRAM DESCRIPTION

Kirkpatrick silver level certification provides the structure and support you need to successfully execute a complete program evaluation plan. Its blend of cutting-edge skills and ongoing support begins with a full-day session during which participants share a formal progress report and obtain expert and peer feedback in a conversational environment. The program is limited to 30 or fewer participants to ensure that you receive personalized attention and feedback on your program progress.

During this program and through formal, ongoing support, you will learn the key questions to ask during data collection and analysis, as well as how to use that information to ensure maximum on-the-job application and subsequent results. You also will learn how to identify and leverage success factors for future initiatives. Common challenges and their solutions will be discussed in large and small group discussions.

The program concludes with the creation of individual action plans for program execution and final reports. Silver level certification is obtained after the participant makes a final presentation of the program's outcome and results to Kirkpatrick Partners via a conference call scheduled within 12 months of course attendance.

PERFORMANCE OBJECTIVES

After this session, you will be able to:

- ◆ Analyze evaluation data to make educated decisions during program implementation
- ◆ Identify program success factors and results
- ◆ Create a compelling report and presentation of ultimate program value for stakeholders

You must register for each program separately.
